Complete Unknowns To Play LTV

LTV Studios and the East End Underground Live Concert Series will present Michael Weiskopf and The Complete Unknowns performing on Saturday, June 14, at 7:30 p.m.

The Complete Unknowns will serve up their unique interpretations of Bob Dylan's music with a repertoire that spans six decades of Dylan material. The band provides a complete Dylan experience that showcases his songs as well as the great musicianship that brought them to life.

Having played such Dylan haunts in Greenwich Village such

as The Bitter End and Café Wha?, and toured both the East and West coasts of the United States, The Complete Unknowns are honored to pay tribute to the master's immense song catalogue.

Weiskopf came of age in the transformative late 1960s which shaped his worldview and fueled a lifelong passion for music as a language of liberation. Influenced by the era's rich tapestry of R&B, Motown, folk, blues and the "British Invasion," Weiskopf was inspired to challenge societal norms and explore self-expression through songwriting and

guitar. While his musical journey began in youth, it resumed years later, culminating in the release of a debut album, "Insomnia," and a commitment to creating new music which he did with the subsequent release of "Suffering Fools," "Love & Entropy," "Lost in America," along with a multitude of singles.

Tickets are \$25 in advance at ltveh.org with VIP reserved café table seating available for \$50 which includes a drink ticket. Tickets are \$30 at the door. LTV Studios is at 75 Industrial Road in Wainscott.
