Piket's Jazz Mastery Comes to LTV

Acclaimed jazz pianist Roberta Piket will headline the McIver Piano Jazz Series at LTV Studios on Monday, July 7, at 6 p.m., offering an intimate solo performance as part of Hamptons JazzFest.

The McIver series invites audiences into the LTV Piano Lounge for up-close evenings of music and conversation with jazz piano greats. Piket, a Queens native and daughter of Viennese composer Frederick Piket, brings a dynamic blend of tradition and innovation

to the keys. Known for her stylistic versatility, she moves effortlessly between straight-ahead swing, post-bop and the avant-garde.

A respected bandleader and composer, Piket studied at Tufts University and the New England Conservatory, earning dual degrees in computer science and jazz performance. Her acclaimed albums include "Unbroken Line" and "One for Marian," a tribute to mentor Marian McPartland. She's shared the stage with jazz legends like Rufus Reid, Billy Mintz and

Lionel Hampton, and in 2018 was named a Rising Star on organ by DownBeat Magazine.

This performance is part of LTV's ongoing collaboration with Hamptons JazzFest to spotlight jazz excellence in an intimate setting.
